

Promote your organization, company and even your business.  
Be more visible onsite and on the IPIN 2018 website.  
Be our unique Gold sponsor, or one of our three Silver sponsors.

Unique opportunity to sponsor onsite competition targeting geolocation issues in your business

An onsite competition driven by industrial challenges on indoor/urban positioning and navigation issues will be organized. By defining the challenge, assisting the competition logistics, supplying and delivering the award, industrial sponsors gain unique opportunities:

- to solve remaining issues in your GEO-IOT, Location Based Services or other geolocation applications
- interact and test potential novel solution providers
- communicate about your company (services, products...)
- increase visibility during the conference and also in regional and international press
